

**SAFE WATER
INTERNATIONAL
MINISTRIES**

June 2021

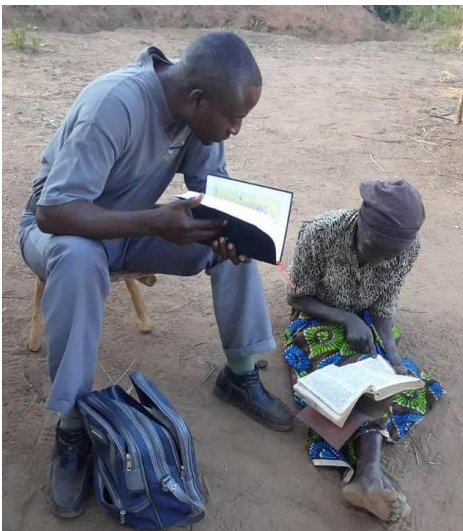

When your dream becomes reality...

Do you remember the excitement when you were given a Bible of your own?

Do you remember the contented feeling of being able to read it for yourself?

Imagine not owning your own Bible or having to depend on someone else to read it to you every time.

This woman's dream became a reality when she was given her own Bible and she could read it for herself.

Safe Water International Ministries (SWIM), in addition to giving out chlorine producing units (CPUs), also distribute Bibles. Special thanks to Pastor Isaac Phiri of SWIM Zambia for sharing the Word and distributing Bibles to new believers.

Unsafe water wasn't the only problem this church had...

A church in Uganda called Love and Truth had a problem with water. But they also had something worse than that to deal with – they did not have a complete copy of the Bible!

The Bibles they had to teach from contained only parts of Genesis and Revelation, and Jude.

Thanks to Tony of SWIM Uganda, not only were chlorine producing units (CPUs) given out with instructions, but the Gospel was preached and 10 new copies of the COMPLETE Bible were distributed!

Praise the Lord! What JOY this church now has!

YOUR support of SWIM helped to make this happen!

Water fact: 1.5 billion people suffer from parasitic worm infections.

Your Generosity Creates a Powerful Impact!

Your generosity is powerful! We see the impact of your support in smiles of joy and eyes full of hope as people are able to experience clean, safe water for the first time. With your gift, you are changing people's lives!

Will you help two SWIM team members – Earl Ratcliff and Lorn Heyne? They are planning to travel to Liberia in August to deliver 50 more chlorine producing units (CPUs) to people in isolated areas to help them have clean, safe water and share the love of Jesus with them. The team there has already identified the communities by name who will benefit from receiving a CPU.

While there, Earl and Lorn also plan to install an automatic injection system in the medical clinics water supply.

One of our goals is to raise money for the batteries and solar panels to go with each of the CPUs. The cost of a battery and solar panel together is \$250. The total amount needed is \$12,500 [50 CPUs x \$250 (cost of a battery and solar panel) = \$12,500].

So will you prayerfully consider giving to help us reach that goal? In addition to receiving clean water, the people will hear about Jesus, the Living Water!

Your support can make an immeasurable impact to their daily lives. Together we can share the hope of Jesus and help them improve their lives.

Here's how to give:

- Mail a check to: SWIM, PO Box 227, New Sharon, IA 50207
- Online: <http://swimforhim.org/donations/>

You can also give to the Magkie Foundation International Inc. to donate for batteries and solar panels:

- Magkie Foundation: <https://app.mobilecause.com/form/aCcgzq>

Thank you for your support!
