

# SAFE WATER INTERNATIONAL MINISTRIES

March 2022

## Service Before Self!

Meet Pastor David Noah! The Mozambique SWIM coordinator helped carry a full pot of porridge to feed hungry kids. He braved the rains and made sure the children could eat. Service before self!

He also helps Mozambique to have safe, clean water by walking from one community to another, making and distributing chlorine, instructing communities on health and hygiene, and sharing Christ with everyone!

## The Good News Partners with Chlorine

The Community Health Evangelism in Malawi reaches out to the lost souls. Through the distribution of chlorine, created with a CPU (chlorine producing unit), the Gospel of Jesus Christ is preached by walking door to door. The unreached are reached by sharing living guidelines, praying for the sick, and creating deep relationships with community members.

“When distributing chlorine to communities, we take it as an opportunity for us to preach the Good News of salvation and we teach how they can live in good health, so that we can be saved,” explained SWIM team member, Trust Cadet.

“We distribute this chlorine when go out to preach to the community,” said Pastor Chipingo Matola.

### **The Struggle Continues**

"Thank you for fighting waterborne diseases in rural and urban communities in Uganda by providing chlorine producing units in the country," said SWIM team member, Tony Bwire. "But the struggle continues."

"The Lord blesses His work. The Gospel will be preached to all people to confirm Jesus Christ is Lord," said SWIM team member, Juma Bwire. "Through the precious gifts of chlorine producing units from SWIM, we are happy to reach out to the Muslim community with the Gospel of Jesus Christ."

Through an empowerment program, women are being reached in these communities. "It is a blessing they lead us from community to community," Juma added. "Jesus is Lord!"

## When you give....

*"Giving to those in need unites us with a big purpose. Donations are a form of love. A donation shows your care and consideration for others who need kindness."* (Claudia Wyatt)

SWIM has provided over 2500 CPUs so far in 35 different countries – but the need is still so great! With your help, many more people can be blessed by the gift of safe, clean water *and* the incredible gift of Living Water in JESUS!

Your support of SWIM is most appreciated! **Thank you** for your donation!
