A Dream Come True!

Did you jump with joy when you received a Bible? Do you have more than one copy?

Rosemary had her dream of owning a Bible come true during the SWIM chlorine distribution! She was so excited she jumped with joy when receiving it!

Now she can read her Bible at home, share with her kids the Word of God, and encourage others.

Your support helps SWIM supply Bibles for distribution to people who otherwise would not have one.

Making a Difference in India

One of the India SWIM teams organized free health check-ups and safe water distribution at a medical camp in Noida Uttar Pradesh, India.

A women's SWIM team completed a safe water training program in Raipur Chhattisgrah in India with Brother Toman.

Your support helps these SWIM teams share the Gospel and give safe water training.

Climbing Steep Mountain Roads to Share the Gospel

Recently, Juma, one of the Ugandan SWIM team members, climbed steep roads up a mountain in order to share the Gospel and safe water with the people there.

Even though he is afraid of heights, he reported, "God's grace is sufficient!" He traveled safely in the mountains and spent a whole day sharing about Jesus with pastors and their congregations.

"Thank you SWIM! I am happy to be serving in the mountains."

Your support allows people like Juma to travel to remote areas to share the Gospel and distribute the chlorine needed to create safe water for people.

Answer to Prayer for More Than 200 Households

Morrice, a Kenyan SWIM team member, shared this report:

"The Lord sent me and my SWIM team to a community called Lukhari in Kakamega County. This community had a lot of challenges concerning water issues.

Through SWIM, their cry and prayers have been answered concerning water-borne diseases. The community has only one unprotected bore hole with a population of more than 200 households using the untreated water. Typhoid infection was high.

One of their members passed away from a stomach problem. The Word of God was shared with those who came from the burial to learn about how chlorine is produced.

Many prayers are requested to reach needy communities like this one and others around the world, especially in Africa."

Your support is an answer to prayer for these people as they have been suffering from water-borne diseases. SWIM helping them create safe water and sharing about Jesus is life-changing for these people!

Thank you!

God bless you for your support – whatever it looks like. Think of it this way: your gift is going places to help people you may never see, but can positively affect!

"But those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary; they will walk and not be faint." Isaiah 40:31 (NIV)

If you'd like to help by sending a donation, please mail your check to: SWIM, PO Box 227, New Sharon, IA 50207.
