

**SAFE WATER
INTERNATIONAL
MINISTRIES**

December 2022

Jesus said, "Let the little children come to Me, and do not hinder them, for the Kingdom of Heaven belongs to such as these." Matthew 19:14 (NIV)

"And if anyone gives even a cup of cold water to one of these little ones who is My disciple, truly I tell you, that person will certainly not lose their reward." Matthew 10:42 (NIV)

Safe Water International Ministries (SWIM) is doing its best to share the Gospel with families and make sure they have safe water to use.

SWIM teams all over the world are taking part in distributing chlorine producing units (CPUs) and sharing about the Living Water in Jesus – one community at a time.

At a medical camp in a Muslim community

SWIM team members in India recently held a medical camp in a Muslim community with a safe water awareness program. In this camp was a team of doctors who gave general health check-ups.

A live demonstration by SWIM team members showed these young men how to use the microscope to see the bacteria that is found in unclean water. CPUs were distributed, along with explaining how to create safe water with them.

At a preschool in India

A safe water program was presented at a children's community preschool in India. They learned about safe water and expressed joy and excitement to be given a CPU.

At a community with major water challenges

Another SWIM team in India took time to reach a community in the Haryana State where water challenges are a major issue as they do not have a water supply or any other community water facilities. The SWIM team helped to make the water safe with chlorine and showed the people how to use the CPUs. Families learned how to protect and promote safe water.

At a community in Kenya

A SWIM team in Kenya visited community members by giving them a CPU, training them how to produce the chlorine by themselves, and sharing the Word of God with each person they met. Families were included as a part of this ministry.

THANK YOU!

SWIM is doing its best to live out what Jesus said about taking care of the children and giving them hope.
